

WE'RE OPEN WE'RE SC STRONG

WE'VE PLEDGED TO:

Require the use of face masks that cover the nose and mouth when social distancing isn't possible and keep hand sanitizer and soap stocked and accessible.

Offer telework options when feasible, and consider staggering start times and shifts for on-site workers to reduce employees' exposure.

Encourage sick workers and patrons to stay home until their symptoms stop and their quarantine period ends and provide incentives for workers to stay home.

Promote social distancing, regular handwashing, using hand sanitizer and other basic guidelines in the workplace.

Visit www.business.stayscstrong.com for more information.
